

International Summer School

RESIDENTIAL ENGLISH LANGUAGE COURSE FOR 8-17 YEAR OLDS

By Manor Courses

At Hurst College, near Brighton

Accredited by the

ENGLISH **UK** 
member

In 1970 our Italian grandmother started her first summer school with a vision that remains at our core today.

“Language through friendship,
friendship through language.”

As children and teenagers we, the directors, spent our summer holidays in the engaging international community that Manor Courses created.

These experiences ensure that every aspect of our summer school is successfully organised.

Ultimately this gives our agents and parents confidence in our professional and personal service.

We invite your young students to experience
Manor Courses and...

Improve...

...all their English language skills and develop their confidence in English communication.

Participate...

...in the extensive and stimulating activity programme using our exciting range of leisure facilities.

Discover...

...the rich cultural, historical and leisure destinations of our region.

Make...

...friends for life with other young international students using English.

High Customer Satisfaction.

Here's what they say...

What I like about MC is the reliability of the family and staff, ready to help us with any kind of problem. A group leader can't be worried or stressed if working with MC. Hurst is a wonderful place in the middle of the countryside, but not far from important cities so that the programme is rich in cultural visits.

Daniella - Group Leader from Italy, 2014

We spent two wonderful weeks in Hurst and everything went really well with the experienced academic staff in terms of language education. MC was well organised in creating extensive and fun activities every day and able to make my students' days more colourful with the energetic and friendly activity leaders.

Güneş – Group Leader from Turkey, 2015

Thanks MC for all my new friends and for improving my English skills. I'm in love with MC.

Rada - student from Russia, 2015

I wanted to say thank you to everyone that I met at the school, because I had a great time this two weeks and I have never met so many nice people at the same time.

Eduardo - student from Portugal, 2015

Our daughter had spent 14 days in your summer school. She was so happy there and she liked it very very much. She was even sad to come home, because she missed her new friends and the school...and everything. I want to thank you so much for what you do for all these young people.

It's such a good organisation, you have my great respect and my congratulations.

Odile and Robert - parents of Caroline, a student from Luxembourg, 2015

My school has sent our students almost every year since 1989. I like MC because they take good care of us. All the students who took part in MC say that they had a wonderful experience there.

The staff always care about the students' safety. I think it is a warm and comfortable atmosphere to experience summer courses.

Noriko – Group Leader from Japan, 2015

How do we do it?

We offer a high quality Residential English Language Course at Hurst College combining English study with activities, excursions and high standards of pastoral care and student welfare in a safe environment.

English

Our dedicated academic team provide a general English course of 18 hours per week. They deliver interactive lessons designed to capture students' interests and keep them motivated through a clear structured syllabus. Students learn in multi-lingual groups with a maximum of 15 students.

Activities

Our dynamic activity team provide 15 activity sessions per week. They help develop students' skills through a wide choice of sport, art, craft, drama, dance and music activities. Talent shows, cultural events and theme days encourage team work and personal expression and showcase students' skills.

Excursions

We provide 2 coach trips per week (1 full-day and 1 half-day) to visit some of south east England's most famous towns, cities and tourist attractions. Some highlights include supervised castle, museum and seaside visits and ever-popular shopping trips. These excursions offer learning opportunities throughout the students' course.

Welfare

Our helpful welfare team provide students and group leaders with 24 hour support on campus. Furthermore parents and agents have easy access to senior management because we, the directors, live on campus with our summer team. We create a friendly and safe home environment and offer various accommodation options with 3 healthy meals per day.

Our international summer school has always been family-run and we have proven that our friendly and personal approach brings success. We work throughout the year for our summer school so we have the time and expertise to meet everyone's expectations, including yours!

Be a part of the Manor Courses experience this summer!

Please call Nick, Jon or Su Barnard to:

- Arrange a school visit
- Book in a meeting
- Discuss a partnership
- Introduce your organisation
- Receive agent referrals
- Request dates and fees
- Find out additional information on our family-run organisation
